

Product Safety and Quality Management Policy

Qualvis Print & Packaging Ltd is committed to manufacturing safe, legal and consistently high quality products.

To achieve this objective, the company has implemented a Product Safety and Quality Management System that complies with the requirements of both ISO9001:2015 and BRC Global Standard for Packaging and Packaging Materials Issue 5.

This system will be regularly reviewed for its continued suitability and effectiveness, and will help ensure that the products we sell, and services we provide are fit for their intended purpose, and meet or exceed our customers (and other interested parties) expectations and requirements in full.

To ensure the systems efficiency, a measured programme of continuous improvement is also regularly reviewed and updated.

The Senior Management Team shall provide all personnel with the support, training and resources to achieve the company's mission; *'To exceed our customers' expectations in quality, product safety, delivery and cost (wherever possible), through continuous improvement, customer interaction and good manufacturing practices.'*

While this commitment to product safety and quality is the ultimate responsibility of the Management of Qualvis Print & Packaging Limited, all employees of the company have a responsibility, and a duty, to fully comply with the requirements of the Product Safety and Quality Management System.

The Company ensures the policy detailed above is communicated within the business and made available to all interested parties. A copy is available on staff notice boards, the Company's web site and/or upon request from the Commercial Team or Head of Compliance.

A handwritten signature in black ink, appearing to read 'Ad Collins', is positioned above the printed name.
